WASHINGTON GOSSIP

What the Administration Will Do In the Cuban Matter.

WANT HOME RULE FOR CUBA.

Cleveland Recommends a Government Similar to Canada For the Cubans. Spain Regards It as a Useless Attempt Until Weyler Has Struck a Decisive Blow—New Treaty Needed.

WASHINGTON, Dec. 24.—Whatever course congress may finally take with respect to the Cameron resolution, the insistent efforts of the present administration, at least, will continue to be exerted in behalf of an autonomous government for the Cubans. During the correspondence between this government and Spain the Canadian system has repeatedly been referred to as a model which Spain might do well to follow in granting home rule to her Cuban colonists. The objection, however, has been made, and with some reason it is admitted, that a system which would work admirably with her majesty's subjects in Canada, might utterly fail if applied to the Cubans.

That Spain has intimated that under certain conditions she would not be averse to granting a reasonable measure of home rule to the Cubans, is beyond question. She, however, insists that nothing less than a disastrous defeat in battle will cause the insurgents to heed such propositions and it is regarded in Madrid as useless to attempt any of the reforms suggested until Weyler strikes a decisive blow. This government, however, does not fully agree with that view of the case, and undoubtedly it is making some progress in its contention for peace on a basis alike reasonable and honorable to the Cubans as well as to Spain.

One of the principal motives which has actuated this government in the course it has taken in this matter is the protection of the persons and property of the citizens of the United States now engaged as tobacco and sugar planters in Cuba. Although the planters generally are said to sympathize with the Cuban cause, information has reached this government that as a rule they entertain serious doubts of the ability of the native Cubans, if wholly successful, to maintain a stable and satisfactory government. What the planters most desire is annexation to the United States, but as the administration, as plainly made evident, regards this out of the question, the planters next favor an autonomous government under the executive supervision of Spain. Should Spain consent to allow Cuba to legislate as to her own internal affairs, the United States as stated by Mr. Olney, in his report to congress, would consent to become responsible to Spain for the faithful observance of the conditions of the treaty between the two countries. The idea of this government is that this new treaty could be made a part of an agreement between the United States and Spain, the necessity for which is admitted by both governments.

ARBITRATION TREATY.

It Is Practically Completed and Will Soon Go to the Senate.

WASHINGTON, Dec. 24.—There is no longer any doubt that the general arbitration treaty between the United States and Great Britain is practically completed to the satisfaction of both governments and that its presentation to congress may be expected in the near future. Several minor amendments have been suggested and accepted from time to time during the progress of the negotiations, but it is now confidently believed that the clear copy which was forwarded to Lord Salisbury by Sir Julian Pauncefote about a week ago will at once receive the formal approval of the British premier and be returned to Washington in time to be presented to the senate for ratification immediately on the reassembling of congress after the holiday recess, Jan. 5.

ACCEPTED HIS CREDENTIALS.

President Cleveland Receives the Minister From Central America.

WASHINGTON, Dec. 24.—After several weeks' consideration the status of Senator Rodriguez, the first minister of the great republic of Central America, President Cleveland yesterday received him and accepted his credentials, in a

short speech, which, while formal in tone, was thoroughly earnest in its evidence of good will toward the new American union. The president emphasized the purpose of our government to hold the individual states of the new union to responsibility for past claims, and he indicated an expectation that Guatemala and Costa Rica, which have so far refrained from joining with the others in the new republic, would soon give in their adherence.

Reciprocity Clause.

WASHINGTON, Dec. 24.—The attention of Chairman Dingley, of the ways and means committee, having been called to a dispatch from Washington, stating that the eastern members of that committee, led by Chairman Dingley, are not disposed to look with favor upon reciprocity in framing a new tariff. He said: "There is not the slightest foundation for this statement, so far as I know and believe. While the matter has been only slightly discussed, yet I have not observed any material difference of opinion. On the contrary, all the Republican members of the committee are in favor of going as far as the McKinley tariff did on that subject, and further, if practicable."

Utah's Official Vote.

SALT LAKE, Dec. 24.—The official count of the vote of Utah at the last election was completed yesterday and is as follows: McKinley, 18,484; Bryan, 64,335; Palmer, 21.

MCKINLEY AT HOME.

President-Elect and Wife Were Heartily Greeted at Canton.

CANTON, O., Dec. 24.—President-elect McKinley and wife arrived home late yesterday, both enjoying better health than when they left for Chicago. With the party was Miss Duncan who will spend the holidays with Mother McKinley.

A number of people were at the depot to meet the president-elect and his wife. As they lighted from the special car, and made their way to the coach through a passageway swept clear of snow by an employee of the road, Major McKinley and his wife bowed pleasantly to all, the former raising his silk hat to many. Passengers on the train were anxious to get a glimpse of their famous fellow travellers and a score or more stepped out of the car to get a better view and possibly a handshake. At the McKinley home the major and his wife were heartily greeted by the household. In the absence of its mistress the home has been thoroughly renovated and brightened in readiness for the home coming.

Awaiting the arrival of Major McKinley were several distinguished men from the west including Secretary of State McFarland of Iowa and C. A. Atkinson of Lincoln, Neb. The former said that he was here in no sense in a personal interest. Speaking of the sentiment in his state in reference to having Senator Allison a member of the McKinley cabinet Mr. McFarland said that the people are with one mind in that respect but he, personally, does not believe Senator Allison would accept any portfolio but secretary of state, if indeed he would take that. Mr. Atkinson had been on a visit to relatives in Jackson county, O., he said, and had come here to see Major McKinley on no personal matters, but because he had the opportunity. Another man who was in the city waiting for an opportunity to call on the major was L. Bradford Prince, a prominent Republican of New Mexico. John A. Logan of Youngstown, called soon after the McKinleys' reached home.

CORN FOR INDIA.

Illinois People Asked to Contribute a Shipload by a Missionary Society.

NEW YORK, Dec. 24.—At a meeting of the board of managers of the missionary society of the Methodist Episcopal church a proposition was presented from the Rev. R. G. Hobbs of Jacksonville, Ills., suggesting that a shipload of corn could be easily raised in the state for the relief of starving people in India, and desired the board of managers to take measures for carrying out the plan.

The board of managers adopted the following minute: "That the plan proposed by Rev. R. G. Hobbs, one of our Methodist ministers in Jacksonville, Ills., be approved, and that the necessary measures be taken to secure the corn and the means by special contributions from the general public for its transportation to India."

All who are disposed to aid in this undertaking may send contributions to the Rev. Dr. A. B. Leonard, corresponding secretary of the missionary society of the Methodist Episcopal church at 150 Fifth avenue, New York.

Tricked to Swindle Secretary Curtis.

WASHINGTON, Dec. 24.—A colored man giving his name as Charles E. Swindson, arrested here yesterday charged with attempting to swindle Assistant Secretary Curtis at the treasury department. E. Swindson called on Mr. Curtis and represented that he was a Pullman car conductor with whom Mr. Curtis had often ridden to New York and that he had lost his uniform. He was unable to go out on his regular run without first making a deposit on a new uniform. A telephone inquiry of the Pullman office brought the answer that the fellow was an impostor and was not in their employ. Hence his arrest.

Detained Immigrants.

NEW YORK, Dec. 24.—Of the 511 passengers that the French steamship Patria brought to this port yesterday from Marseilles and Naples, 300 are detained on Ellis island by order of the immigration authorities. Dr. Senner and others say they were the worst lot of immigrants that have reached these shores in a long time. Most of the detained immigrants are Italians.

To Protest Against the Loud Bill.

NEW YORK, Dec. 24.—A meeting of publishers and paper manufacturers was held yesterday for the purpose of taking action against the Loud postal bill, now pending in congress. This bill aims to take all novels and periodicals out of the second class. This means an increase in postage from 1 cent per pound to 8 cents.

KENTUCKY RACE WAR

Negroes Said to Be Organizing to Avenge Jim Stone.

WHITES ARMED TO THE TEETH.

Guards Watch all the the Roads and Inspect all Trains—Three Negroes Killed Since Sunday—Likely the Trouble Will Become General in the Western Part of the State.

MAYFIELD, Ky., Dec. 24.—Reports of negroes organizing to take indiscriminate vengeance on the whites for the killing of Jim Stone by whiteappers are causing alarm. While the reports in many cases are somewhat vague, belief that they have some real foundation is shown by the fact that before Stone was killed he and other negroes were unusually insolent toward white people, that they went armed and omitted no occasion to provoke quarrels with unarmed whites. It was Jim Stone's conspicuous leadership in this sort of behavior that caused his taking off by mob violence. Mayfield is as it were in a state of siege. Everybody is armed. Guards watch all the roads and inspect all trains. Yesterday Jim Snet, colored, was killed at the depot because he would not halt when challenged. Sunday Henry Finley, a negro, was killed by masked men, and Monday night Jim Stone met the same fate. All were desperate except, possibly, Snet. The houses of negroes that have been burned were resorts of the lowest order and places of rendezvous for the vilest of the vile to plot mischief. The whites, patience having been exhausted, have determined to rid the community of these pests.

From reports it seems likely that this race war will become general in western Kentucky. There are indications of danger in Groves and Marshall counties. The whites are well prepared in all this region. This fact and the incapacity of negroes to organize may prevent a serious outbreak.

Early yesterday a detachment of 30 whites from Fulton, 30 miles away, came into the city, armed to the teeth and prepared to resist the negroes. Eddyville, Kattawa, Wingo, Princeton, Paducah and neighboring towns have been asked for aid, and companies are being formed at each of these places. The Second Regiment, Kentucky State Guards at Paducah, has been asked for a Gatling gun, and the piece is now on its way to this city. All sorts of rumors are current about a mob of negroes coming into town for vengeance. None of the merchants of this place will sell a weapon or ammunition to negroes. A larger force of armed whites patrolled the streets and every precaution is being taken to prevent the general outbreak of negroes that is threatened.

Governor Bradley on Mobs.

FRANKFORT, Ky., Dec. 24.—Governor Bradley is evidently worried and perplexed about the recent frequent mob murders in Kentucky. In an interview last night he denounced the law-breakers, the inefficiency of local officers and strongly intimated that if requested, he will offer big rewards without number for members of the mobs. He also said the legislature as a whole for its failure to enact into law his late recommendations as to mobs.

Transcontinental Pedestrians.

NEW YORK, Dec. 24.—Mrs. H. Estby and her daughter Clara, 19 years old, the transcontinental pedestrians, completed the journey from Spokane, Wash., to this city late yesterday. They left the western city on May 5, on a wagon with a New York woman that they could cross the continent in less than seven months.

Miss Frances E. Willard.

CASTLE, N. Y., Dec. 24.—Miss Frances E. Willard is in a cottage near the sanitarium with her private secretary, Miss Anna Gordon. She spends several hours each day in the open air. A difficulty of the throat will necessitate rest from public speaking for some time to come.

That hideous and deadly demon of sickness—constipation, is an easy enough thing to cure if you take the right medicine. Constipation is one of the commonest things in the world. It is really one of the most serious things. Fully nine-tenths of all the ordinary sickness of mankind is due to this one cause. If you place an obstruction in the gutter, it will stop the flow of water, and gradually a mass of poisonous, putrefying matter will accumulate. That is exactly what happens in the digestive organs when constipation begins. Poisonous matter accumulates and is forced into the blood. It goes all over the body and causes all sorts of symptoms. A few of these are dizziness, flatulence, heartburn, palpitation, headaches, loss of appetite, loss of sleep, foul breath, distress after eating, biliousness and eruptions of the skin. These things are unpleasant, but they are not serious. The serious things come afterward. Doctor Pierce's Pleasant Pellets are for the cure of constipation. They are tiny, sugar-coated granules, easy to take, mild and efficient in their action. One is a gentle laxative, two a mild cathartic. There is nothing that takes their place. There is nothing "just as good," although lying and unscrupulous druggists sometimes tell you so for their own profit. Do you want to lose your health so that the druggist can get rich?

ABSOLUTELY PURE

GLYCERINE EXPLOSION.

Two Men and a Team Blown to Atoms.

MONTPELIER, Ind., Dec. 24.—A shock was felt here yesterday, which many at first believed was an earthquake. Houses trembled, window panes were broken and fronts of brick business blocks were cracked. It was soon discovered that the magazine of the Empire Glycerine company about two miles north had exploded. George Hickok and Harvey Woods, well "shot-gets" had driven out to the magazine to get a load of the fluid. Just what caused the explosion will never be known, as the men, horse and wagon were blown to atoms. Those who first arrived upon the scene found nothing but shreds of flesh and clothing, and bits of the wagon scattered over an area of 100 yards. At the time of the explosion there were 800 quarts of glycerine in the magazine. Where it stood was a hole 40 feet in diameter and 12 feet deep. Near by were two smaller trenches, marking the position of the wagons, which the ill-fated men had almost finished loading, judging from the large excavations made at these places.

The only semblance to parts of a human body found was a hand, which had the bones blown out, and two ribs. The frightful force of the explosion was shown by one of the wagons, which was found twisted around a sapling about 20 feet away. The timber, which is thick near the place, was either blown down or stripped of branches. A rail fence near by had been reduced to kindlings.

Fortunately the two other magazines, but a short distance away, did not explode, else the safety of this city would have been threatened. Hickok was a married man, but Wood was single, having come here from Cleveland. The shock was felt in Albany, Anderson, Portland, Hartford City, Peru, Winchester and Greencastle, Ind., and even in Ohio.

EXPRESS TRAIN HELD UP.

Robbers Uncouple the Train and Speed Away With the Express Car.

KANSAS CITY, Dec. 24.—Blue cut, made historic through the operations there of the James and Younger bands, when they were pioneers in the train-robbing industry, was the scene late night of its fourth hold-up by road agents.

The St. Louis and Chicago express, which left Kansas City at 8:45, was flagged at Blue cut and came to a standstill. Masked men immediately covered the engineer and fireman and compelled them to get down from the cab. The bandit gang uncoupled the express car from the rest of the train and were soon speeding down the steep grade beyond Blue cut with the engine and the express coach and Express Messenger A. J. Frier of St. Louis was a prisoner in the car.

Kansas City officials of the United States Express company state the train carried very little cash, but that the car was filled with an enormous amount of miscellaneous express of great value. Christmas boxes made up a considerable amount of the treasure. Of Express Messenger Frier all the officials will say is that he is heavily armed and "dead game," but they admit that the chances are against him.

When the robbery became known at Independence a posse of county officials set out for the scene of the holdup and at midnight County Marshal Leshlar was arranging to send out a force of officers from Kansas City.

AGED COUPLE ATTACKED.

Brutal Treatment of Mr. Cohen and Wife by Robbers.

INDIANAPOLIS, Dec. 24.—Burglars entered the house of Mr. Cohen an aged Jew last night and brutally attacked the old man and his wife when discovered. One of the thieves struck Mrs. Cohen a blow and knocked her to the floor unconscious. She is 70 years of age. Next the husband was hit with a lamp and rendered unconscious. There is some doubt of Mrs. Cohen's recovery. The burglars became frightened and made their escape.

Confessed to Killing Brakeman Schlager.

MANCHESTER, O., Dec. 24.—While in a drunken stupor yesterday afternoon, a tramp named Hiram Sobers confessed that he murdered Brakeman Nelson Schlager, who was killed at Galion, O., Dec. 10 while trying to eject a band of tramps from a freight car. Sobers was arrested and placed in jail. A reward of \$1,000 has been offered for the arrest of the murderer.

To State's Prison at Seventy-Eight.

NEW YORK, Dec. 24.—Henry L. Basford, 78 years old, was sentenced yesterday to two years imprisonment for making and selling counterfeit money. Basford is reputed to be wealthy. He was connected with a gang of counterfeiters who disposed of their output principally to streetcar conductor in this city and Brooklyn.

Woman 111 Years Old.

MIDDLESBORO, Ky., Dec. 24.—Delphia Johnson, colored, living on Eikhorn creek, claims to be the oldest woman in Kentucky. She came directly from Africa 100 years ago. She is now 111 years old, but still retains her five senses, and is as hale and hearty as a woman of 60.

Three People Drowned.

PADUCAH, Ky., Dec. 24.—Allen Green and wife and daughter of Bud Owens were drowned in Clarks river six miles from the city. They were crossing the stream in a canoe, when the craft was overturned. The river has been dragged, but as yet the bodies have not been recovered.

BITTEN BY A MADDOG.

Farmer Lisey Loses Several Valuable Animals From His Bite.

ROCHESTER, Ind., Dec. 24.—Two months ago a strange dog passed through here, biting a dog belonging to John Lisey, a farmer. Three weeks later Lisey's dog died in a paroxysm, after having bitten a horse and brood sow and torn his master's clothing in an effort to bite him. A few days ago Lisey's horse developed unmistakable symptoms of hydrophobia, and after a night and a day of the wildest paroxysms, during which one hoof was torn off and all of the front teeth were broken, the animal died. The sow was then confined in an old stable, where she soon died. Mr. Lisey now considers the escape of himself and family as very fortunate.

ROBBED AN OLD COUPLE.

Old Lady's Watch Returned to Her as a Christmas Present.

CONNEAUT, O., Dec. 24.—Yesterday four masked men entered the residence of Mr. and Mrs. George Tweedy, an aged couple residing three miles south of this city, and after blinding and gagging the old people, ransacked the house for hidden money. They secured \$14 in cash belonging to the church and a gold watch which latter they brought back after leaving the house and made Mrs. Tweedy a Christmas present of it. The robbers escaped.

RUN DOWN BY A TRAIN.

Conductor Miller Killed With an Armful of Christmas Presents.

CROWN POINT, Ind., Dec. 24.—While Pan Handle Conductor Turpie Miller was checking up his train in the yards at Washington Heights, a few miles west of here, an in bound train ran into him, knocking him down, and, passing over his body, killed him instantly. He had purchased some Christmas presents for his family, and was on his homeward journey when he met his fate.

Sold at Sheriff's Sale.

BATESVILLE, Ind., Dec. 24.—The plant of The Democratic Herald, a weekly newspaper published here, has been sold at sheriff's sale to satisfy a judgment in favor of the Batesville bank. John Hildebrandt and Charles Johnson, who held the controlling interest of the old stockholders, were the purchasers, the price paid being \$2,000. They will resume the publication in the near future.

Big Natural Gas Deal.

COLUMBUS, O., Dec. 24.—The Central Ohio Natural Gas and Fuel company has been sold to New York capitalists at \$82.50 per share. Emerson McMillin made the purchase for them. The capital stock is \$1,900,000. The highest ever paid for stock heretofore was \$77.

Charged With Embezzlement.

CHICAGO, Dec. 24.—Harry L. Bleeker, an attorney and son-in-law of ex-County Treasurer William T. Johnson, was arrested yesterday charged with embezzling \$24,000. The complainant is Bleeker's mother-in-law, who says that he appropriated the money while managing her estate.

Ex-Congressman Hatch Dead.

HANNIBAL, Mo., Dec. 24.—Ex-Congressman W. H. Hatch died late last night of a complication of troubles resulting from Bright's disease. He was stricken early in the week, and since Monday his case has been considered hopeless.

Filibusters Landed.

KEY WEST, Fla., Dec. 24.—Passengers from Cuba last night reported that the Three Friends expedition has landed at Guanabo. They also say that the insurgents have burned a monastery near Morro Castle, on Havana bay, within range of the guns within the castle.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed health. It is comfort, the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. It afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ing columns before you start down town
this evening to do further Christmas
shopping. You will then know just
where to go to get what you want.

It is right and proper that the legisla-
ture should make short work of the
election of Charles W. Fairbanks to
succeed Senator Voorhees. He is easily
the first choice of the republicans of
Indiana.

The free silver senators have been
wanting to put a free coinage amend-
ment to every important bill that came
up so it may be presumed that they
will want to treat the Cuban resolution
in the same manner.

The directors of the Prison South
should not hesitate long in selecting
Rev. Thos. Jones of this city to the
chaplaincy of that institution. He is
a man well adapted to the work re-
quired there, and no more worthy
man could be found in the state.

The debate on the Cameron resolu-
tion will be a great opportunity for the
free silver democrats in Congress to
express their affection for Grover Cleve-
land. They used to admire him "be-
cause of the enemies he had made,"
but since they are included among
those they size him up differently.

The report of the state board of
charities shows the jails in many coun-
ties to be in a very bad condition from
a sanitary standpoint. This is not a
surprise to most people, even though
the grand jury visits and inspects the
jail periodically and brings in a report
that everything is in good shape.

The report of Secretary Carlisle is
worthy of careful study. He makes an
exhaustive review of the nation's fin-
ances and estimates the deficiency at
the close of the current fiscal year to
be \$64,500,000. It is hoped that democ-
racy and deficits may retire from promi-
nence at the same time.

CONGRESSMAN THELOR, of Missouri,
has introduced a resolution to amend
the constitution to lengthen the terms
of presidents, and senators to eight
years and representatives to four years.
Just now is a poor time to revive this
question. Suppose we had to endure
four years more of Grover Cleveland
and the deficit-producing Wilson
tariff!

The state board of education should
not use their influence as members of
the board to further the interests of the
state educational institutions at the
expense of the common schools as well
as the private schools and colleges of
the state. It is charged that they have
been doing this in recent years, and the
results seem to indicate that the charge
is true. The way the board is consti-
tuted makes such a course quite possi-
ble.

Two years ago the management of
the educational institutions of the state
gave out the information that if they
received the favorable consideration
which they were asking of the legisla-
ture they would ask for nothing more.
This, however, seems to have been for-
gotten sometime ago. The familiar
faces of the educational lobbyists will
not be missing when the legislature
convenes. They will be on hand as
usual and ask for special appropri-
ations, but that in itself is no reason why
the legislature should make the appro-
priations.

CITY SCHOOLS.

The city schools closed yesterday for
their annual holiday vacation, which
will continue until Monday, January 4.
The schools have been moving along
very smoothly since the beginning of
the year. To the outsider it seems
that good work has been done by
most all the teachers, and that the
pupils are accomplishing quite as much
as in former years. The superintendent
and the board of trustees are making
more perfect the school organization of
this city and the result in the future
will make plain the wisdom of their
management.

The importance and responsibility
attached to the work of the public
schools is much greater than most of us
realize or appreciate. The quality of
citizenship here twenty-five years
from now will depend largely on the
quality of work the schools are doing
to-day. Frequently we have too little
sympathy for the work of those who are
training the minds of the rising genera-
tions. There is no more important
work than this, and no class of workers
who should receive more consideration
from the people than the well equipped
conscientious school teachers.]

Men are elected to do service in the
interest of people and self should be
kept in the background. Our repre-
sentatives should act in accordance with
the will of the people in all laws that
they enact. Economy and prudence
should characterize every public official.

No Christmas Pardons.
Governor Matthews will not consider
any more applications for pardons be-
fore his official term closes. Sixty cases
are now pending, but he will leave all
these for Governor Mount to decide.

An Important Decision.
The supreme court for the second
time has rendered a decision declaring
that a city debt becomes a debt when it
is contracted instead of when it is due.
This time the case was that of the city
of Laporte, which, after reaching the
constitutional 2 per cent. limit of in-
debtedness, contracted for the Game-
well fire alarm system on the theory
that the instalments by which it was to
be paid for did not constitute a city
debt until they became due. The cir-
cuit court also held this theory, but the
supreme court reversed the decision and
held that the contract could not be en-
forced, being a violation of the law.

The Modern Mother
has found that her little ones are im-
proved more by the pleasant Syrup of
Figs, when in need of the laxative effect
of a gentle remedy than by any other,
and that it is more acceptable to them.
Children enjoy it and it benefits them.
The true remedy, Syrup of Figs, is man-
ufactured by the California Fig Syrup
Company only.

"The worst cold I ever had in my life
was cured by Chamberlain's Cough
Remedy," writes W. H. Norton, of Sut-
ter Creek, Cal. "This cold left me with
a cough and I was expecting all the time.
The remedy cured me, and I
want all my friends when troubled with
a cough or cold to use it, for it will do
me good." Sold by C. W. Milhous.

For Prison Chaplain.
Rev. Percy Kendall, of Columbus, is
an applicant for the position of chaplain
at the prison south, which Rev. C. W.
Wood will vacate on January 1, by re-
quest. The only other applicant known
is Rev. Thomas Jones, of Seymour.—
Jeffersonville News.

After hearing some friends continu-
ally praising Chamberlain's Colic, Chol-
era and Diarrhoea Remedy, Curtis
Fleck, of Anaheim, California, pur-
chased a bottle for his own use and is
now as enthusiastic over its wonderful
work as anyone can be. The 25 and 50
cent sizes for sale by C. W. Milhous,
Druggist.

Ground was broken last week for the
erection of the negro building of the
Tennessee centennial. Knowledge of
this fact seemed to arouse anew the in-
terest of the negroes in the centennial.
Numbers of them visit the grounds
daily and Sunday, and they will now
eagerly watch the construction of the
building in which they expect to exhib-
it the results of their progress. Prof.
Hill, chief of the negro department, re-
ceives letters daily from people in all
parts of the United States, asking for
literature and seeking information re-
garding the centennial. Even the ne-
groes of California have taken a hand
and intend to be well represented in
the big show.

Dr. Miles' Nerve Triumphs.

Excessive Nervousness from Childhood.
La Grippe Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E.
church, Buchanan, Ga. writes
Dec. 10, 1895: "In childhood I was
afflicted with excessive nervousness, which,
almost developed into St. Vitus dance. I
partially recovered, but at college it gradu-
ally grew worse. Close study aggravated
the trouble; any unusual exertion caused
trembling all over. In 1890 I had a severe
attack of La Grippe which brought on heart
weakness. I had been almost constantly
under treatment for
nervous troubles, and
changed climates fre-
quently without avail.
Last February I be-
gan taking Dr. Miles'
Nerve Restorer, Nerve
and Liver
Pills and since then I
have been studying more
and working harder than
for years and the good effects
that have resulted seem to be permanent."
Dr. Miles' Remedies are sold by all druggists

benefits or money refunded. Book on

Counties Failing to Report.
Up to date only fifty-one counties
have made their November settlement
with the auditor of state, leaving forty-
one still out. The auditor finds it ne-
cessary to have them all in by the first
of the year in order that the report may
be ready for the inspection of the legisla-
ture, and that that body may know
the exact condition of the state's finan-
ces. He declared yesterday that he had
sent out a letter notifying each county
treasurer who was still delinquent in his
settlement that this time the penalty
for tardiness and failure to report with-
in the time specified by law would be
rigidly enforced.

A Valuable Prescription.
Editor Morrison, of Worthington, Ind.,
Sun, writes: "You have a valuable pre-
scription in Electric Bitters, and I can
cheerfully recommend it for consump-
tion and sick headache, and as a gener-
al system tonic it has no equal." Mrs.
Annie Stehle, 2625 Cottage Grove Ave.,
Chicago, was all run down, could not eat
nor digest food, had a backache which
never left her and felt tired and weary,
but six bottles of Electric Bitters re-
stored her health and renewed her
strength. Price fifty cents and \$1.00. Get
a bottle at W. F. Peter's, successor to

How to Prevent Pneumonia.
At this time of the year a cold is very
easily contracted, and if left to run its
course without the aid of some reliable
cough medicine is liable to result in
that dread disease, pneumonia. We
know of no better remedy to cure a
cough or cold than Chamberlain's
Cough Remedy. We have used it quite
extensively and it has always given
entire satisfaction.—Olagah, Ind. Ter.
Chief.

This is the only remedy that is known
to be a certain preventive of pneumo-
nia. Among the many thousands who
have used it for colds and la grippe, we
have never yet learned of a single case
having resulted in pneumonia. Persons
who have weak lungs or have reason to
fear an attack of pneumonia, should
keep the remedy at hand. The 25 and
50 cent sizes are for sale by C. W. Mil-

THE REVIEW OF REVIEWS

Monthly Illustrated

Edited by ALBERT SHAW

"If only one magazine can be taken, we would suggest the REVIEW OF REVIEWS, as covering more ground than any other magazine."—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed. Indexes, chronological records, and other departments complete the certainty that the reader of the REVIEW OF REVIEWS will miss nothing of great significance that is said or written or done throughout the world.

WASHINGTON GOSSIP

What the Administration Will Do in the Cuban Matter.

WANT HOME RULE FOR CUBA.

Cleveland Recommends a Government Similar to Canada For the Cubans. Spain Regards It as a Useless Attempt Until Weyler Has Struck a Decisive Blow—New Treaty Needed.

WASHINGTON, Dec. 24.—Whatever course congress may finally take with respect to the Cameron resolution, the insistent efforts of the present administration, at least, will continue to be exerted in behalf of an autonomous government for the Cubans. During the correspondence between this government and Spain the Canadian system has repeatedly been referred to as a model which Spain might do well to follow in granting home rule to her Cuban colonists. The objection, however, has been made, and with some reason it is admitted, that a system which would work admirably with her majesty's subjects in Canada, might utterly fail if applied to the Cubans.

That Spain has intimated that under certain conditions she would not be averse to granting a reasonable measure of home rule to the Cubans, is beyond question. She, however, insists that nothing less than a disastrous defeat in battle will cause the insurgents to heed such propositions and it is regarded in Madrid as useless to attempt any of the reforms suggested until Weyler strikes a decisive blow. This government, however, does not fully agree with that view of the case, and undoubtedly it is making some progress in its contention for peace on a basis alike reasonable and honorable to the Cubans as well as to Spain.

One of the principal motives which has actuated this government in the course it has taken in this matter is the protection of the persons and property of the citizens of the United States now engaged as tobacco and sugar planters in Cuba. Although the planters generally are said to sympathize with the Cuban cause, information has reached this government that as a rule they entertain serious doubts of the ability of the native Cubans, if wholly successful, to maintain a stable and satisfactory government. What the planters most desire is annexation to the United States, but as the administration, as plainly made evident, regards this out of the question, the planters next favor an autonomous government under the executive supervision of Spain. Should Spain consent to allow Cuba to legislate as to her own internal affairs, the United States as stated by Mr. Olney, in his report to congress, would consent to become responsible to Spain for the faithful observance of the conditions of the treaty between the two countries. The idea of this government is that this new treaty between the United States and Spain, the necessity for which is admitted by both governments.

ARBITRATION TREATY.

It Is Practically Completed and Will Soon Go to the Senate.

WASHINGTON, Dec. 24.—There is no longer any doubt that the general arbitration treaty between the United States and Great Britain is practically completed to the satisfaction of both governments and that its presentation to congress may be expected in the near future. Several minor amendments have been suggested and accepted from time to time during the progress of the negotiations, but it is now confidently believed that the clear copy which was forwarded to Lord Salisbury by Sir Julian Pauncefote about a week ago will at once receive the formal approval of the British premier and be returned to Washington in time to be presented to the senate for ratification immediately on the reassembling of congress after the holiday recess, Jan. 5.

ACCEPTED HIS CREDENTIALS.

President Cleveland Receives the Minister From Central America.

WASHINGTON, Dec. 24.—After several weeks' consideration the status of Senor Rodriguez, the first minister of the great republic of Central America, President Cleveland yesterday received him and accepted his credentials, in a

short speech, which, while formal in tone, was thoroughly earnest in its evidence of good will toward the new American union. The president emphasized the purpose of our government to hold the individual states of the new union to responsibility for past claims, and he indicated an expectation that Guatemala and Costa Rica, which have so far refrained from joining with the others in the new republic, would soon give in their adherence.

Reciprocity Clause.

WASHINGTON, Dec. 24.—The attention of Chairman Dingley, of the ways and means committee, having been called to a dispatch from Washington, stating that the eastern members of that committee, led by Chairman Dingley, are not disposed to look with favor upon reciprocity in framing a new tariff. He said: "There is not the slightest foundation for this statement, so far as I know and believe. While the matter has been only slightly discussed, yet I have not observed any material difference of opinion. On the contrary, all the Republican members of the committee are in favor of going as far as the McKinley tariff did on that subject, and further, if practicable."

Utah's Official Vote.

SALT LAKE, Dec. 24.—The official count of the vote of Utah at the last election was completed yesterday and is as follows: McKinley, 13,484; Bryan, 64,536; Palmer, 31.

MCKINLEY AT HOME.

President-Elect and Wife Were Heartily Greeted at Canton.

CANTON, O., Dec. 24.—President-elect McKinley and wife arrived homelate yesterday, both enjoying better health than when they left for Chicago. With the party was Miss Duncan who will spend the holidays with Mother McKinley.

A number of people were at the depot to meet the president-elect and his wife. As they lighted from the special car, and made their way to the coach through a passageway swept clear of snow by an employee of the road, Major McKinley and his wife bowed pleasantly to all, the former raising his silk hat to many. Passengers on the train were anxious to get a glimpse of their famous fellow travellers and a score or more men stepped out of the car to get a better view and possibly a handshake. At the McKinley home the major and his wife were heartily greeted by the household. In the absence of its mistress the home has been thoroughly renovated and brightened in readiness for the home coming.

Awaiting the arrival of Major McKinley were several distinguished men from the west, including Secretary of State McFarland of Iowa and C. A. Atkinson of Lincoln, Neb. The former said that he was here in no sense in a personal interest. Speaking of the sentiment in his state in reference to having Senator Allison a member of the McKinley cabinet Mr. McFarland said that the people are with one mind in that respect but he, personally, does not believe Senator Allison would accept any portfolio but secretary of state, if indeed he would take that. Mr. Atkinson had been on a visit to relatives in Jackson county, O., he said, and had come here to see Major McKinley on no personal matters, but because he had the opportunity. Another man who was in the city waiting for an opportunity to call on the major was L. Bradford Prince, a prominent Republican of New Mexico. John A. Logan of Youngstown called soon after the McKinleys reached home.

CORN FOR INDIA.

Illinois People Asked to Contribute a Shipload by a Missionary Society.

NEW YORK, Dec. 24.—At a meeting of the board of managers of the missionary society of the Methodist Episcopal church a proposition was presented from the Rev. R. G. Hobbs of Jacksonville, Ill., suggesting that a shipload of corn could be easily raised in the state for the relief of starving people in India, and desired the board of managers to take measures for carrying out the plan.

The board of managers adopted the following minute: "That the plan proposed by Rev. R. G. Hobbs, one of our Methodist ministers in Jacksonville, Ill., be approved, and that the necessary measures to secure the corn and the means by special contributions from the general public for its transportation to India."

All who are disposed to aid in this undertaking may send contributions to the Rev. Dr. A. B. Leonard, corresponding secretary of the missionary society of the Methodist Episcopal church at 150 Fifth avenue, New York.

Tried to Swindle Secretary Curtis.

WASHINGTON, Dec. 24.—A colored man giving his name as Charles Ewson arrested here yesterday charged with attempting to swindle Assistant Secretary Curtis at the treasury department. Ewson called on Mr. Curtis and represented that he was a Pullman car conductor with whom Mr. Curtis had often ridden to New York and that he had lost his uniform. He was unable to go out on his regular run without first making a deposit on a new uniform. A telephone inquiry of the Pullman office brought the answer that the fellow was an impostor and was not in their employ. Hence his arrest.

Detained Immigrants.

NEW YORK, Dec. 24.—Of the 511 passengers that the French steamship *Paris* brought to this port yesterday from Marseilles and Naples, 300 are detained on Ellis island by order of the immigration authorities. Dr. Senner and others say they were the worst lot of immigrants that have reached these shores in a long time. Most of the detained immigrants are Italians.

To Protest Against the Loud Bill.

NEW YORK, Dec. 24.—A meeting of publishers and paper manufacturers was held yesterday for the purpose of taking action against the Loud postal bill, now pending in congress. This bill aims to take all novels and periodicals out of the second class. This means an increase in postage from 1 cent per pound to 8 cents.

KENTUCKY RACE WAR

Negroes Said to Be Organizing to Avenge Jim Stone.

WHITES ARMED TO THE TEETH.

Guards Watch all the the Roads and Inspect all Trains—Three Negroes Killed Since Sunday—Likely the Trouble Will Become General in the Western Part of the State.

MAYFIELD, Ky., Dec. 24.—Reports of negroes organizing to take indiscriminate vengeance on the whites for the killing of Jim Stone by whitecappers are causing alarm. While the reports in many cases are somewhat vague, belief that they have some real foundation is shown by the fact that before Stone was killed he and other negroes were unusually insolent toward white people, that they went armed and omitted no occasion to provoke quarrels with unarmed whites. It was Jim Stone's conspicuous leadership in this sort of behavior that caused his taking off by mob violence. Mayfield is as if it were in a state of siege. Everybody is armed. Guards watch all the roads and inspect all trains. Yesterday Jim Snet, colored, was killed at the depot because he would not halt when challenged. Sunday Henry Finley, a negro, was killed by masked men, and Monday night Jim Stone met the same fate. All were desperadoes except, possibly, Snet. The houses of negroes that have been burned were resorts of the lowest order and places of rendezvous for the vilest of the vile to plot mischief. The whites, patience having been exhausted, have determined to rid the community of these pests.

From reports it seems likely that this race war will become general in western Kentucky. There are indications of danger in Groves and Marshall counties. The whites are well prepared in all this region. This fact and the incapacity of negroes to organize may prevent a serious outbreak. Early yesterday a detachment of 30 whites from Fulton, 30 miles away, came into the city, armed to the teeth and prepared to resist the negroes. Eddyville, Kuttawa, Wingo, Princeton, Paducah and neighboring towns have been asked for aid, and companies are being formed at each of these places. The Second Regiment, Kentucky State Guards at Paducah, has been asked for a "gating gun," and the piece is now on its way to this city. All sorts of rumors are current about a mob of negroes coming into town for vengeance. None of the merchants of this place will sell a weapon or ammunition to negroes. A larger force of armed whites patrolled the streets and every precaution is being taken to prevent the general outbreak of negroes that is threatened.

Messages from Paducah and other surrounding towns warn the whites here to be on their guard.

Governor Bradley on Mobs.

FRANKFORT, Ky., Dec. 24.—Governor Bradley is evidently worried and perplexed about the recent frequent mob murders in Kentucky. In an interview last night he denounced the lawbreakers, the inefficiency of local officers and strongly intimated that if requested, he will offer big rewards without number for members of the mobs. He also said the legislature as a whole for its failure to enact into law his late recommendations as to mobs.

Transcontinental Pedestrians.

NEW YORK, Dec. 24.—Mrs. H. Estby and her daughter Clara, 19 years old, the transcontinental pedestrians, completed the journey from Spokane, Wash., to this city yesterday. They left the western city on May 5, on a wagon with a New York woman that they could cross the continent in less than seven months.

Miss Frances E. Willard.

CASTLE, N. Y., Dec. 24.—Miss Frances E. Willard is in a cottage near the sanitarium with her private secretary, Miss Anna Gordon. She spends several hours each day in the open air. A difficulty of the throat will necessitate rest from public speaking for some time to come.

That hideous and deadly

demon of sickness—constipation, is an easy enough thing to cure if you take the right medicine. Constipation is one of the commonest things in the world. It is really one of the most serious things. Fully nine-tenths of all the ordinary sickness of mankind is due to this one cause. If you place an obstruction in the gutter, it will stop the flow of water, and gradually a mass of poison will collect, and gradually a mass of poison will collect, and gradually a mass of poison will collect. That is exactly what happens in the digestive organs when constipation begins. Poisonous matter accumulates and is forced into the blood. It goes all over the body and causes all sorts of symptoms. A few of these are dizziness, flatulence, heartburn, palpitation, headaches, loss of appetite, loss of sleep, foul breath, distress after eating, biliousness and eruptions of the skin. These things are not pleasant, but they are not serious. The serious things come afterward. Doctor Pierce's Pleasant Pellets are for the cure of constipation. They are tiny, sugar-coated granules, easy to take, mild and efficient in their action. One is a gentle laxative, two a mild cathartic. There is nothing else in the world like them. There is nothing that takes their place. There is nothing "just as good," although leading and unscrupulous druggists may sometimes tell you so for their own profit. Do you want to lose your health so that the druggist can get rich?

Confessed to Killing Brakeman Schlager. MANCHESTER, O., Dec. 24.—While in a drunken stupor yesterday afternoon, a trunk named Hyson Sobers confessed that he murdered Brakeman Nelson Schlager, who was killed at Gation, O., Dec. 10 while trying to eject a band of tramps from a freighter. Sobers was arrested and placed in jail. A reward of \$1,000 has been offered for the arrest of the murderer.

To State's Prison at Seventy-Eight.

NEW YORK, Dec. 24.—Henry L. Basford, 78 years old, was sentenced yesterday to two years imprisonment for making and selling counterfeit money. Basford is reputed to be wealthy. He was connected with a gang of counterfeiters who disposed of their output principally to streetcar conductor in this city and Brooklyn.

Woman 111 Years Old.

MIDDLEBORO, Ky., Dec. 24.—Delphia Johnson, colored, living on Elkhorn creek, claims to be the oldest woman in Kentucky. She came directly from Africa 100 years ago. She is now 111 years old, but still retains her five senses, and is as hale and hearty as a woman of 60.

Three People Drowned.

PADUCAH, Ky., Dec. 24.—Allen Green and wife, and daughter of Bud Owens were drowned in Clark's river six miles from the city. They were crossing the stream in a canoe, when the craft was overturned. The river has been dragged, but as yet the bodies

GLYCERINE EXPLOSION.

Two Men and a Team Blown to Atoms.

MONTEPELLIER, Ind., Dec. 24.—A shock was felt here yesterday, which many at first believed was an earthquake. Horses trembled, window panes were broken and fronts of brick business blocks were cracked. It was soon discovered that the magazine of the Empire Glycerine company about two miles north had exploded. George Hickok and Harvey Woods, well "shooters" had driven out to the magazine to get a load of the fluid. Just what caused the explosion will never be known, as the men, horse and wagon were blown to atoms. Those who first arrived upon the scene found nothing but shreds of flesh and clothing, and bits of the wagon scattered over an area of 100 yards. At the time of the explosion there were 300 quarts of glycerine in the magazine. Where it stood was a hole 40 feet in diameter and 12 feet deep. Near by were two smaller trenches, marking the position of the wagons, which the ill fated men had almost finished loading, judging from the large excavations made at these places. The only semblance to parts of a human body found was a hand, which had the bones blown out, and two ribs. The frightful force of the explosion was shown by one of the wagons, which was found twisted around a sapling about 20 feet away. The timber, which is thick near the place, was either blown down or stripped of branches. A rail fence near by had been reduced to kindlings. Fortunately the two other magazines, but a short distance away, did not explode, else the safety of this city would have been threatened. Hickok was a married man, but Wood was single, having come here from Cleveland. The shock was felt in Albany, Anderson, Portland, Hartford City, Peru, Winchester and Greencastle, Ind., and even in Ohio.

EXPRESS TRAIN HELD UP.

Robbers Uncover the Train and Speed Away With the Express Car.

KANSAS CITY, Dec. 24.—Blue cut, made historic through the operations there of the James and Younger bands, when they were pioneers in the train-robbing industry, was the scene last night of its fourth hold-up by road agents. The St. Louis and Chicago express, which left Kansas City at 8:45, was flagged at Blue cut and came to a standstill. Masked men immediately covered the engineer and fireman and compelled them to get down from the cab. The bandit gang uncoupled the express car from the rest of the train and were soon speeding down the steep grade below Blue cut with the engine and the express coach, and Express Messenger A. J. Frier of St. Louis was a prisoner in the car.

Kansas City officials of the United States Express company state the train carried very little cash, but that the car was filled with an enormous amount of miscellaneous express of great value. Christmas boxes made up a considerable amount of the treasure. Of Express Messenger Frier all the officials will say is that he is heavily armed and "dead game," but they admit that the chances are against him. When the robbery became known at Independence a posse of county officials set out for the scene of the holdup and at midnight County Marshal Leshlar was arranging to send out a force of officers from Kansas City.

AGED COUPLE ATTACKED.

Brutal Treatment of Mr. Cohen and Wife by Robbers.

INDIANAPOLIS, Dec. 24.—Burglars entered the house of Mr. Cohen an aged Jew last night and brutally attacked the old man and his wife when discovered. One of the thieves struck Mrs. Cohen a blow and knocked her to the floor unconscious. She is 70 years of age. Next the husband was hit with a lamp and rendered unconscious. There is some doubt of Mrs. Cohen's recovery. The burglars became frightened and made their escape.

Ex-Congressman Hatch Dead.

HANNIBAL, Mo., Dec. 24.—Ex-Congressman W. H. Hatch died late last night of a complication of troubles resulting from Bright's disease. He was stricken early in the week, and since Monday his case has been considered hopeless.

Filibusters Landed.

KEY WEST, Fla., Dec. 24.—Passengers from Cuba last night reported that the Three Friends expedition has landed at Guanabo. They also say that the insurgents have burned a monastery near Morro Castle, on Havana bay, within range of the guns within the castle.

BITTEN BY A MADDOG.

Farmer Lisey Loses Several Valuable Animals From His Bite.

ROCHESTER, Ind., Dec. 24.—Two months ago a strange dog passed through here, biting a dog belonging to John Lisey, a farmer. Three weeks later Lisey's dog died in a paroxysm, after having bitten a horse and brood sow and torn his master's clothing in an effort to bite him. A few days ago Lisey's horse developed unmistakable symptoms of hydrophobia, and after a night and a day of the wildest paroxysms, during which one hoof was torn off and all of the front teeth were broken, the animal died. The sow was then confined in an old stable, where she soon died. Mr. Lisey now considers the escape of himself and family as very fortunate.

ROBBED AN OLD COUPLE.

Old Lady's Watch Returned to Her as a Christmas Present.

CONNEAUT, O., Dec. 24.—Yesterday four masked men entered the residence of Mr. and Mrs. George Tweedy, an aged couple residing three miles south of this city, and after binding and gagging the old people, ransacked the house for hidden money. They secured \$14 in cash, including the church and a gold watch which latter they brought back after leaving the house and made Mrs. Tweedy a Christmas present of it. The robbers escaped.

RUN DOWN BY A TRAIN.

Conductor Miller Killed With an Armful of Christmas Presents.

CROWN POINT, Ind., Dec. 24.—While Pan Handle Conductor Turpie Miller was checking up his train in the yards at Washington Heights, a few miles west of here, an in bound train ran into him, knocking him down, and, passing over his body, killed him instantly. He had purchased some Christmas presents for his family, and was on his homeward journey when he met his fate.

Sold at Sheriff's Sale.

BATESVILLE, Ind., Dec. 24.—The plant of The Democratic Herald, a weekly newspaper published here, has been sold at sheriff's sale to satisfy a judgment in favor of the Batesville bank. John Hilbrandt and Charles Johnson, who held the controlling interest of the old stockholders, were the purchasers, the price paid being \$2,000. They will resume the publication in the near future.

Big Natural Gas Deal.

COLUMBUS, O., Dec. 24.—The Central Ohio Natural Gas and Fuel company has been sold to New York capitalists at \$2.50 per share. Emerson McMillin made the purchase for them. The capital stock is \$1,000,000. The highest ever paid for stock heretofore was \$77.

Charged With Embezzlement.

CHICAGO, Dec. 24.—Harry L. Bleeker, an attorney and son-in-law of ex-County Treasurer William T. Johnson, was arrested yesterday charged with embezzling \$24,000. The complainant is Bleeker's mother-in-law, who says that he appropriated the money while managing her estate.

Entered at the Seymour, Indiana, Post Office as
second-class matter.

Cuba contains about as many square
miles as the state of Pennsylvania.

No town in the state has stood the
hard times better than Seymour, which
is good evidence of the stability of her
business interests.

The commercial club of Indiana
polis creating considerable sentiment for
revision of the laws of the state govern-
ing insurance companies.

Look carefully through our advertis-
ing columns before you start down town
this evening to do further Christmas
shopping. You will then know just
where to go to get what you want.

It is right and proper that the legisla-
ture should make short work of the
election of Charles W. Fairbanks to
succeed Senator Voorhees. He is easily
the first choice of the republicans of
Indiana.

The free silver senators have been
wanting to put a free coinage amend-
ment to every important bill that came
up so it may be presumed that they
will want to treat the Cuban resolution
in the same manner.

The directors of the Prison South
should not hesitate long in selecting
Rev. Thos. Jones of this city to the
chaplaincy of that institution. He is
a man well adapted to the work re-
quired there, and no more worthy
man could be found in the state.

The debate on the Cameron resolu-
tion will be a great opportunity for the
free silver democrats in Congress to
express their affection for Grover Cleve-
land. They used to admire him "be-
cause of the enemies he had made,"
but since they are included among
those they size him up differently.

The report of the state board of
charities shows the jails in many coun-
ties to be in a very bad condition from
a sanitary standpoint. This is not a
surprise to most people, even though
the grand jury visits and inspects the
jail periodically and brings in a report
that everything is in good shape.

The report of Secretary Carlisle is
worthy of careful study. He makes an
exhaustive review of the nation's fin-
ances and estimates the deficiency at
the close of the current fiscal year to
be \$64,500,000. It is hoped that democ-
racy and deficits may retire from prom-
inence at the same time.

CONGRESSMAN TRELOAR, of Missouri,
has introduced a resolution to amend
the constitution to lengthen the terms
of presidents, and senators to eight
years and representatives to four years.
Just now is a poor time to revive this
question. Suppose we had to endure
four years more of Grover Cleveland
and the deficit-producing Wilson
tariff!

The state board of education should
not use their influence as members of
the board to further the interests of the
state educational institutions at the
expense of the common schools as well
as the private schools and colleges of
the state. It is charged that they have
been doing this in recent years, and the
results seem to indicate that the charge
is true. The way the board is consti-
tuted makes such a course quite possi-
ble.

Two years ago the management of
the educational institutions of the state
gave out the information that if they
received the favorable consideration
which they were asking of the legisla-
ture they would ask for nothing more.
This, however, seems to have been for-
gotten sometime ago. The familiar
faces of the educational lobbyists will
not be missing when the legislature
convenes. They will be on hand as
usual and ask for special appropri-
ations, but that in itself is no reason why
the legislature should make the appro-
priations.

CITY SCHOOLS.

The city schools closed yesterday for
their annual holiday vacation, which
will continue until Monday, January 4.
The schools have been moving along
very smoothly since the beginning of
the year. To the outsider it seems
that good work has been done by
most all the teachers, and that the
pupils are accomplishing quite as much
as in former years. The superintendent
and the board of trustees are making
more perfect the school organization of
this city and the result in the future
will make plain the wisdom of their
management.

The importance and responsibility
attached to the work of the public
schools is much greater than most of us
realize or appreciate. The quality of
citizenship here twenty-five years
from now will depend largely on the
quality of work the schools are doing
to-day. Frequently we have too little
sympathy for the work of those who are
training the minds of the rising gener-
ations. There is no more important
work than this, and no class of workers
who should receive more consideration
from the people than the well equipped
conscientious school teachers.

Men are elected to do service in the
interest of people and self should be
kept in the background. Our repre-
sentatives should act in accordance with
the will of the people in all laws that
they enact. Economy and prudence
should characterize every public official.

No Christmas Pardons.

Governor Matthews will not consider
any more applications for pardons be-
fore his official term closes. Sixty cases
are now pending, but he will leave all
these for Governor Mount to decide.

An Important Decision.

The supreme court for the second
time has rendered a decision declaring
that a city debt becomes a debt when it
is contracted instead of when it is due.
This time the case was that of the city
of Laporte, which, after reaching the
constitutional 2 per cent. limit of in-
debtedness, contracted for the Game-
well fire alarm system on the theory
that the instalments by which it was to
be paid for did not constitute a city
debt until they became due. The circuit
court also held this theory, but the
supreme court reversed the decision and
held that the contract could not be en-
forced, being a violation of the law.

The Modern Mother
has found that her little ones are im-
proved more by the pleasant Syrup of
Figs, when in need of the laxative effect
of a gentle remedy than by any other,
and that it is more acceptable to them.
Children enjoy it and it benefits them.
The true remedy, Syrup of Figs, is man-
ufactured by the California Fig Syrup
Company only.

"The worst cold I ever had in my life
was cured by Chamberlain's Cough
Remedy," writes W. H. Norton, of Sut-
ter Creek, Cal. "This cold left me with
a cough and I was expecting all the
time. The remedy cured me, and I
want all my friends when troubled with
a cough or cold to use it, for it will do
me good." Sold by C. W. Milhous.

For Prison Chaplain.

Rev. Percy Kendall, of Columbus, is
an applicant for the position of chaplain
at the prison south, which Rev. C. W.
Wood will vacate on January 1, by re-
quest. The only other applicant known
is Rev. Thomas Jones, of Seymour.—
Jeffersonville News.

After hearing some friends contin-
ually praising Chamberlain's Colic, Chol-
era and Diarrhoea Remedy, Curtis
Fleck, of Anaheim, California, pur-
chased a bottle for his own use and is
now as enthusiastic over its wonderful
work as anyone can be. The 25 and 50
cent sizes for sale by C. W. Milhous,

Ground was broken last week for the
erection of the negro building of the
Tennessee centennial. Knowledge of
this fact seemed to arouse anew the in-
terest of the negroes in the centennial.
Numbers of them visit the grounds
daily and Sunday, and they will now
eagerly watch the construction of the
building in which they expect to exhibit
the results of their progress. Prof.
Hill, chief of the negro department, re-
ceives letters daily from people in all
parts of the United States asking for
literature and seeking information re-
garding the centennial. Even the ne-
groes of California have taken a hand
and intend to be well represented in the
big show.

Excessive Nervousness from Childhood.
La Grippe Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E.
church, Buchanan, Ga. writes
Dec. 10, 1895: "In childhood I was
afflicted with excessive nervousness, which
almost developed into St. Vitus dance. I
partially recovered, but at college it gradu-
ally grew worse. Close study aggravated
the trouble; an unusual exertion caused
trembling all over. In 1890 I had a severe
attack of La Grippe which brought on heart
weakness. I had been almost constantly
under treatment for
nervous troubles, and
changed climates fre-
quently without avail.
Last February I be-
gan taking Dr. Miles'
Restorative Nerve
and Nerve and Liver
Pills and since then I
have been studying more and working
harder than for years and the good effects
that have resulted seem to be permanent."

Counties Failing to Report.

Up to date only fifty-one counties
have made their November settlement
with the auditor of state, leaving forty-
one still out. The auditor finds it ne-
cessary to have them all in by the first
of the year in order that the report may
be ready for the inspection of the legisla-
ture, and that that body may know
the exact condition of the State finan-
ces. He declared yesterday that he had
sent out a letter notifying each county
treasurer who was still delinquent in his
settlement that this time the penalty
for tardiness and failure to report with-
in the time specified by law would be
rigidly enforced.

A Valuable Prescription.

Editor Morrison, of Worthington, Ind.,
Sun, writes: "You have a valuable pre-
scription in Electric Bitters, and I can
cheerfully recommend it for consump-
tion and sick headache, and as a gener-
al system tonic it has no equal." Mrs.
Annie Stehle, 2625 Cottage Grove Ave.,
Chicago, was all run down, could not eat
nor digest food, had a backache which
never left her and felt tired and weary,
but six bottles of Electric Bitters re-
stored her health and renewed her
strength. Price fifty cents and \$1.00. Get
a bottle at W. F. Peter's, successor to

How to Prevent Pneumonia.

At this time of the year a cold is very
easily contracted, and if left to run its
course without the aid of some reliable
cough medicine is liable to result in
that dread disease, pneumonia. We
know of no better remedy to cure a
cough or cold than Chamberlain's
Cough Remedy. We have used it quite
extensively and it has always given
entire satisfaction.—Olsgh, Ind. Ter.
Chief.

This is the only remedy that is known
to be a certain preventive of pneumo-
nia. Among the many thousands who
have used it for colds and la grippe, we
have never yet learned of a single case
having resulted in pneumonia. Persons
who have weak lungs or have reason to
fear an attack of pneumonia, should
keep the remedy at hand. The 25 and
50 cent sizes are for sale by C. W. Mil-

THE REVIEW OF REVIEWS

Monthly Illustrated

Edited by ALBERT SHAW

"If only one magazine can be taken, we would suggest the REVIEW OF REVIEWS, as covering more ground than any other magazine."—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed. Indexes, chronological records, and other departments complete the certainty that the reader of the Review of Reviews will miss nothing of great significance that is said or written or done throughout the world.
